

Malaysia Open Virtual Karate-do Kata Competition

Goju-ryu or IKO Goju-ryu Version Only — Open Version for Kobudo (Weapon) Kata

Audience / Spectator Playbook

For everyone watching this competition

1. Purpose

Malaysia Open Virtual Karate-do Kata Competition exists so that any Goju-ryu karateka, anywhere in the world, can step onto a real competitive stage without buying a plane ticket. A student in a small-town dojo and a student in a national training centre submit to the same panel, under the same rules, judged on the same criteria — distance and travel budget decide nothing.

The competition's job is to make that fair and trustworthy at scale: verified rank, verified recordings, a panel of judges who never sees who they are scoring, and a result that everyone — the participant, their sensei, and every other competitor — can check for themselves once winners are announced.

You're here to watch someone you know compete on a real, global stage — or simply to see what Goju-ryu karateka from around the world can do.

2. Identity

Malaysia Open Virtual Karate-do Kata Competition is a virtual, video-submission kata championship open to Goju-ryu and IKO Goju-ryu practitioners worldwide, plus an Open division for Kobudo (weapon) kata. It runs in three tiers — USD 10, USD 100 and USD 200 — so a first-time competitor and a seasoned Dan holder chasing a serious prize can both find their level.

It is not a video-upload contest that happens to involve karate. It is a karate competition that happens to be judged on video — the standards, the etiquette, and the seriousness of a real tournament apply throughout, from the certificate check at registration to the moment a judge scores a recording.

3. Beliefs & Values

- Honesty about your own rank comes first. Every participant confirms, in writing, that the belt rank they entered matches their uploaded certificate — a mismatch disqualifies the entry outright, no exceptions, because the whole scoring system depends on the right people being compared to the right people.

- Judging is blind and independent. A judge scores the recording in front of them, not the person — assignments, workload, and deadlines are managed so that no single judge's delay holds up a result: if a score is still missing two weeks after the deadline, the recording is reassigned; if it's still missing after that, the Chief Judge steps in before the winners are announced.
- One person, one honest attempt. Every participant gets three chances to delete and re-record a kata — enough to recover from a dropped phone or a bad take, not enough to endlessly audition for the best possible take against an opponent who only gets one submission.
- No refunds once you're in. Registration fees are not returned if a participant doesn't attend or changes their mind — the fee is what funds judges, the platform, and the prize pool for everyone who did show up.
- Respect the chain that got you here. A participant registers under their own School/Dojo and their own Sensei/Coach before registering themselves — the competition is built on the dojo relationships that trained each competitor, not on anonymous sign-ups.

4. Capabilities — What Your Sign-In Unlocks

As Audience, here is exactly what one sign-in gets you:

- Fee: USD 10 / 100 / 200 per competition tier, per sign-in.
- Kata Arena access: Every recording in the competition.
- Judge-by-judge scores: Only after Winners are finalized.
- Viewing: View every event.
- Telegram: The Audience group.
- Sign-in allowance: Paid per sign-in, per competition tier.

5. Behaviors — What Is Expected Of You

- Keep communication inside the competition's own channels — the Telegram group for your category and the in-app Announcements page — so that changes and rulings reach everyone at once, not by word of mouth.
- Treat every judge, organizer, and fellow competitor the way you'd want to be treated on the physical tournament floor: this is a virtual dojo, but it is still a dojo.

- Time your sign-in well — the same fee shows only the recordings submitted so far if you sign in mid-competition, but every recording and every judge's score once Winners are announced.
- Stay active — 30 idle minutes automatically signs you out, so save your viewing session accordingly.

6. Environment — Where This All Happens

Everything happens inside one web app, reachable from any phone, tablet, or computer with a camera and an internet connection — there is no separate software to install. Recording happens through the browser itself, using the device's own camera and microphone.

The competition year runs in stages, in this order: registration and payment → kata recording and submission → the registration deadline → a judging window (roughly four weeks, with reassignment safeguards built in) → the winners announcement → certificates and testimonials.

Money moves through Stripe (card or FPX) — the competition never sees or stores your card details. Everything else — your registration record, your recording, your score, your certificate — lives inside the Kata Arena, reachable any time you sign in during your competition tier's window.

Support and announcements run through Telegram, split by category, so a message reaches exactly the people it's meant for — your own group for day-to-day matters, plus the app's own Announcements page as the permanent written record.

7. Your Step-by-Step Journey

Follow these steps in order. Each screenshot shows exactly where to click — look for the red circle.

Step 1 — Register as Audience

From the Home page, click Register, then Register as audience on the Registration hub.

The screenshot shows the 'Registration hub' interface. At the top, there are two buttons: 'Register as audience' (circled in red) and 'Apply to the team'. To the right of these buttons is a text block explaining the competition setup and the role of the Audience member. Below the buttons is a 'Winners' section with text about competition announcements and a specific example for the Malaysia Open Virtual Karate-do Kata Competition 2026.

competition setup. This is a voluntary role with no guaranteed return from the USD 10 tier, since its margin is low — but it's a training ground for the USD 100 / USD 200 tiers. The organizer will try to allocate 20% of the Audience group's revenue to reward the Participant Support team, based on the number and complexity of tasks handled outside their own school or students. Good performance earns priority offers for the next competition. On top of that, you earn a 10% cut of every Audience sign-in made under your recommendation — the Audience member enters your Participant Support short name or initial at sign-in (e.g. Amy / KSK).

Winners

Winners for each competition are announced 30 days after its registration deadline, on the next working day (Monday–Friday) in Malaysia, at 00:00 Malaysia time — unless the organizer sets a special announcement date for that tier (shown below). The period from Event date to Registration deadline is the participants' recording-submission timeline; referees start scoring only after the deadline.

Note

For your security, staying signed in with no activity for 30 minutes will automatically sign you out.

Audience / Spectator accounts are charged per sign-in — some have a limited number of sign-ins, and once used up that account can no longer sign in. A new subscription is necessary.

Participants competing in the Kata Competition get 250 sign-ins to view their own recording only, within the validity period shown at Kata Arena log-in. Need more sign-ins? Renew your subscription for 30 more sign-ins over a 3-month period, per competition tier — or register as Audience to sign in per-visit, per competition tier. Thank you for your support!

Step 5 — Watch

Browse every kata event's recordings. If you signed in before Winners are announced, you'll see whatever has been submitted so far with no judge scores; sign in after the announcement and the same one sign-in shows every recording and every judge's score together.

 *This screen needs you signed in to capture — added as soon as a Kata Arena login is available.*

Quick Reference

- Fee is per sign-in, per competition tier — not a one-time payment.
- Sign in after Winners are announced to see every recording and every judge's score in one visit.
- Auto signed-out after 30 idle minutes.
- Sign in any time via Kata Arena Log In, top-right of every page.

Specially for all Goju-ryu Karateka to compete globally without leaving their beloved Country.
