

Malaysia Open Virtual Karate-do Kata Competition

Goju-ryu or IKO Goju-ryu Version Only — Open Version for Kobudo (Weapon) Kata

Competition Participant Playbook

For every karateka competing in a kata event

1. Purpose

Malaysia Open Virtual Karate-do Kata Competition exists so that any Goju-ryu karateka, anywhere in the world, can step onto a real competitive stage without buying a plane ticket. A student in a small-town dojo and a student in a national training centre submit to the same panel, under the same rules, judged on the same criteria — distance and travel budget decide nothing.

The competition's job is to make that fair and trustworthy at scale: verified rank, verified recordings, a panel of judges who never sees who they are scoring, and a result that everyone — the participant, their sensei, and every other competitor — can check for themselves once winners are announced.

2. Identity

Malaysia Open Virtual Karate-do Kata Competition is a virtual, video-submission kata championship open to Goju-ryu and IKO Goju-ryu practitioners worldwide, plus an Open division for Kobudo (weapon) kata. It runs in three tiers — USD 10, USD 100 and USD 200 — so a first-time competitor and a seasoned Dan holder chasing a serious prize can both find their level.

It is not a video-upload contest that happens to involve karate. It is a karate competition that happens to be judged on video — the standards, the etiquette, and the seriousness of a real tournament apply throughout, from the certificate check at registration to the moment a judge scores a recording.

3. Beliefs & Values

- Honesty about your own rank comes first. Every participant confirms, in writing, that the belt rank they entered matches their uploaded certificate — a mismatch disqualifies the entry outright, no exceptions, because the whole scoring system depends on the right people being compared to the right people.
- Judging is blind and independent. A judge scores the recording in front of them, not the person — assignments, workload, and deadlines are managed so that no single judge's delay holds up a result: if a score is still missing two weeks after the deadline, the recording is

reassigned; if it's still missing after that, the Chief Judge steps in before the winners are announced.

- One person, one honest attempt. Every participant gets three chances to delete and re-record a kata — enough to recover from a dropped phone or a bad take, not enough to endlessly audition for the best possible take against an opponent who only gets one submission.
- No refunds once you're in. Registration fees are not returned if a participant doesn't attend or changes their mind — the fee is what funds judges, the platform, and the prize pool for everyone who did show up.
- Respect the chain that got you here. A participant registers under their own School/Dojo and their own Sensei/Coach before registering themselves — the competition is built on the dojo relationships that trained each competitor, not on anonymous sign-ups.

4. Capabilities — What Your Registration Unlocks

As a paid Competition Participant, here is exactly what you can do in the Kata Arena:

- Fee: Tier fee per kata event (USD 10 / 100 / 200).
- Kata Arena access: Your own competition tier.
- Judge-by-judge scores: Round status + total only while the competition is live.
- Recording & viewing: Record & submit your own kata event(s); every event's recordings open to you once Winners are announced.
- Telegram: Your own category group.
- Sign-in allowance: Unlimited sign-ins for your competition tier once your fee is paid (your own recording).

5. Behaviors — What Is Expected Of You

- Register in the right order — School/Dojo, then Sensei/Coach, then yourself — and keep every certificate, rank, and personal detail accurate and up to date.
- Treat your recording like a real tournament performance: correct uniform, a clear view of the full kata, and the belt rank you actually hold — not the one you're hoping to earn by next year.

- Respect the clock. Registration deadlines, recording windows, judging windows, and the 25-minutes-idle auto sign-out all exist to keep 470+ competitors and their judges moving through the same tournament fairly — don't wait for the last minute.
- Keep communication inside the competition's own channels — the Telegram group for your category and the in-app Announcements page — so that changes and rulings reach everyone at once, not by word of mouth.
- Treat every judge, organizer, and fellow competitor the way you'd want to be treated on the physical tournament floor: this is a virtual dojo, but it is still a dojo.

6. Environment — Where This All Happens

Everything happens inside one web app, reachable from any phone, tablet, or computer with a camera and an internet connection — there is no separate software to install. Recording happens through the browser itself, using the device's own camera and microphone.

The competition year runs in stages, in this order: registration and payment → kata recording and submission → the registration deadline → a judging window (roughly four weeks, with reassignment safeguards built in) → the winners announcement → certificates and testimonials.

Money moves through Stripe (card or FPX) — the competition never sees or stores your card details. Everything else — your registration record, your recording, your score, your certificate — lives inside the Kata Arena, reachable any time you sign in during your competition tier's window.

Support and announcements run through Telegram, split by category, so a message reaches exactly the people it's meant for — your own group for day-to-day matters, plus the app's own Announcements page as the permanent written record.

7. Your Step-by-Step Journey

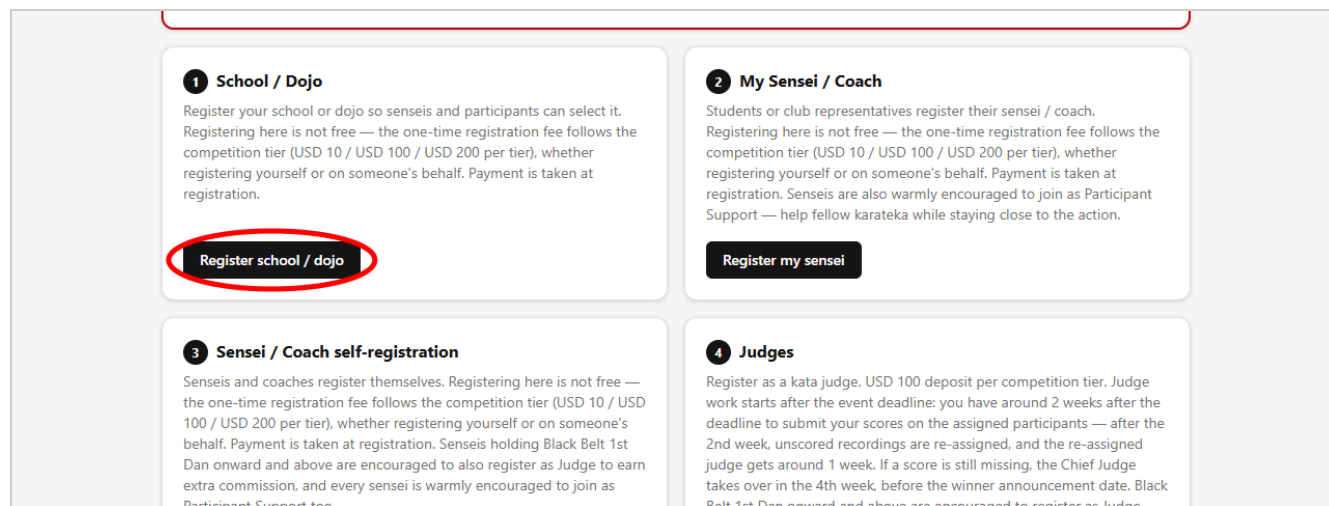

Follow these steps in order. Each screenshot shows exactly where to click — look for the red circle.

Step 0 — Before you start, have these ready

- Your IC / Passport (the name must match your bank account name for reward payout).
- A clear photo or scan of your latest belt rank certificate.
- Your School / Dojo's name and your Sensei / Coach's name — register these first if they aren't already in the system (Steps 1–2).
- Your bank account details for prize / reward payout.

Step 1 — Register your School / Dojo (skip if already registered)

From the Home page, click Register in the top menu. On the Registration hub, click Register school / dojo. If your dojo already appears in the School / Dojo dropdown during your own registration in Step 3, skip this step entirely.

The Registration hub — click Register school / dojo.

Step 2 — Register your Sensei / Coach (skip if already registered)

On the same Registration hub, click Register my sensei. The same rule applies: if your Sensei already appears in the dropdown in Step 3, skip this.

1 School / Dojo
Register your school or dojo so senseis and participants can select it. Registering here is not free — the one-time registration fee follows the competition tier (USD 10 / USD 100 / USD 200 per tier), whether registering yourself or on someone's behalf. Payment is taken at registration.

2 My Sensei / Coach
Students or club representatives register their sensei / coach. Registering here is not free — the one-time registration fee follows the competition tier (USD 10 / USD 100 / USD 200 per tier), whether registering yourself or on someone's behalf. Payment is taken at registration. Senseis are also warmly encouraged to join as Participant Support — help fellow karateka while staying close to the action.

3 Sensei / Coach self-registration
Senseis and coaches register themselves. Registering here is not free — the one-time registration fee follows the competition tier (USD 10 / USD 100 / USD 200 per tier), whether registering yourself or on someone's behalf. Payment is taken at registration. Senseis holding Black Belt 1st Dan onward and above are encouraged to also register as Judge to earn extra commission, and every sensei is warmly encouraged to join as Participant Support too.

4 Judges
Register as a kata judge, USD 100 deposit per competition tier. Judge work starts after the event deadline: you have around 2 weeks after the deadline to submit your scores on the assigned participants — after the 2nd week, unscored recordings are re-assigned, and the re-assigned judge gets around 1 week. If a score is still missing, the Chief Judge takes over in the 4th week, before the winner announcement date. Black Belt 1st Dan onward and above are encouraged to register as Judge.

The Registration hub — click Register my sensei.

Step 3 — Register yourself as a Participant

Click Register participant on the same hub.

Registration
Choose what you are registering.

Note: Participants must 1) Register their own [School / Dojo](#) and 2) [Register your Sensei / Coach](#) before registering themselves here. The same applies to a Sensei registering on behalf of their students, or use the [bulk registration table](#) for multiple students. This is because your School and Sensei are required fields, so each needs their own registration too — the minimum total cost is 3× your chosen tier's participant fee (your fee plus your School's and Sensei's), and up to 5× if you participate in 3 Kata events.

Bulk registration (up to 10,000 pax)
Bulk registration is for senseis / coaches: fill the on-screen table, or download the CSV template, fill it in Excel, and upload it back — up to 10,000 participants.

1 School / Dojo

Step 5 — Check your email

A confirmation email arrives immediately with your Reference ID, a Stripe receipt, and a link to sign in. Keep the Reference ID and the IC/Passport number you registered with — you'll need both the first time you sign in.

Step 6 — Sign in to the Kata Arena

Click Kata Arena Log In in the top menu of the website from anywhere on the site.

Kata Arena Log In — the sign-in point for every role, on every page.

Sign up for an account (or sign in if you already have one). The first time, you'll link your account to your registration using your Reference ID and IC/Passport number.

The image shows a sign-in and account creation form. At the top, there are two buttons: "Sign in" (red) and "Create account" (white). Below these is a yellow box containing a "Note" about security and sign-in policies. The note mentions that accounts are charged per sign-in and that participants get 250 sign-ins. Below the note is a form with two input fields: "Email *" and "Password *". The "Email *" field is circled in red. There is a "Forgot password?" link below the password field. At the bottom of the form is a red "Sign in" button. There is also a checkbox for "I am not a robot or AL *" with an asterisk.

My Account — sign in or create your account here.

Step 7 — Record your kata

On the My Account page, find the Record Your Kata section for your registered event and click Start Recording. Recording uses your device's own camera — allow camera and microphone access when your browser asks. Stand where your whole body and the full kata are visible for the entire performance, in your uniform. You get 3 chances to delete and re-record before you submit.

 This screen needs you signed in to capture — added as soon as a Kata Arena login is available.

Step 8 — Track your status

Visit Kata Arena or Participants at any time to see your submitted recording, your registration listed among Confirmed Participants, and (once judging finishes) your judging progress — how many of the required judges have scored you.

Step 9 — While you wait: the judging window

After the registration deadline, judges have roughly two weeks to score every recording, with built-in safeguards — unscored recordings are reassigned, and the Chief Judge steps in before winners are announced if a score is still outstanding. You don't need to do anything in this window except watch for a Telegram or email notice once all your judges have scored you.

Step 10 — Winners announced

Winners are announced 30 days after the registration deadline (or the organizer's special date, shown on the Register and Winners pages). Sign in any time after that date to see every recording and every judge's individual score, not just your own.

The Winners page.

Step 11 — Download your certificate

On My Account, open the Certificates section — your certificates are grouped by Competition Tier, then Winner / Participation / Other, each showing your name, kata, and category. Click through to view and download.

 *This screen needs you signed in to capture — added as soon as a Kata Arena login is available.*

Step 12 — Record your testimonial (optional but encouraged)

From the same Certificates section, you can record a short video, voice, or written testimonial about your experience. Follow the on-screen sample script if you'd like a starting point — recording quality tips (lighting, quiet room, distance from the microphone) are shown right on the recording screen.

 *This screen needs you signed in to capture — added as soon as a Kata Arena login is available.*

Step 13 — Stay in touch

Join your category's Telegram group from the link in your confirmation email — that's where the organizer posts time-sensitive updates. The in-app Announcements page is the permanent written record of every official notice.
